## Available Sizes

Standard pet door sizes are Medium, Large and Extra-Large. Custom pet door sizes are also available.

## Measuring Your Pet

- » Add 1" to your pet's measurements to allow for a comfortable fit when using the pet door.
- » As a general rule of thumb, the shorter the rise the better. As pets age, they can develop arthritis making it more difficult to step over a high rise.
- » Check your measurements: Use your pet measurements to cut an opening in a piece of cardboard. Continue to expand the opening as needed until your pet can pass through comfortably. Use these dimensions to order your pet door.
- » If options above do not match pet's exact measurements, choose a custom size to ensure a comfortable fit.

**Hint:** Measure at chest and hips. Use the larger measurement.

**A = \_\_\_\_\_ + 1" = \_\_\_\_\_**  
 Pet Width + 1" = minimum pet door width needed

**B = \_\_\_\_\_ + 1" = \_\_\_\_\_**  
 Pet Height + 1" = minimum pet door height needed

**C = \_\_\_\_\_ + 1" = \_\_\_\_\_**  
 Floor to Withers + 1" = minimum pet door height PLUS rise needed
