## STYLE AND SUBSTANCE

JELD-WEN® Molded interior doors offer the best of two worlds: style and substance. Not only can you choose the architectural style that works best with your home, but you can also choose between either a woodgrain texture or smooth finish. Solid or hollow core are options for molded doors, giving you the flexibility for reduced sound transmission where you need it. Molded doors come in widths of 1'0" - 3'0" and most are available in heights of 6'8", 7'0" and 8'0". Matching bifold doors are also available in most styles.

### ProCore The Quiet Door®

Give each room in your home the privacy it deserves with our ProCore The Quiet Door® upgrade. This option reduces sound transmission between interior spaces by up to 50 percent (when compared to a flush hollow core door). So you'll enjoy more peace and quiet. Plus, it resists the dents and dings that can occur in everyday life.
